

RKRadar

The diagram illustrates the connections of the RKRadar module. On the left is a grey rounded rectangle labeled 'RKRadar'. On its right edge, there are three circular ports. Each port is connected by a thin grey line to a corresponding colored rounded rectangle on the right. The top port (purple) connects to a purple box labeled 'Transceiver'. The middle port (orange) connects to an orange box labeled 'Pedestal'. The bottom port (green) connects to a green box labeled 'Health Relay'.
